WHAT PAST PARTICIPANTS SAID:

“I remember doing lots of fun things like doing kung fu in the morning, to playing ping pong in the afternoon. I loved meeting new people every day and still keep in touch with lots of them. Learning Chinese in class was fun too, we learned different topics and played some games revolving around the language.”

“Over the course of the last two weeks at the program I had many great times. I enjoyed meeting new people from all over, as well as learning Mandarin... I had many good memories, and they will stay with me.”

“I have learned not only the Chinese language but also the rich culture that makes up China... this is an exceptional program that has taught me the foundations of the Chinese language and I hope to come back next year and learn even more.”
